

First Eucharist and Confirmation Photography

Our aim is to provide high quality photography with minimum fuss, at reasonable prices and in the most efficient manner for all concerned.

* What We Take and When

Individual portraits are taken prior to the service start

For First Communion and First Eucharist - We take a full length and a waist up portrait of each candidate

For Confirmations - We take a full length and a waist up portrait of each candidate plus a portrait of the candidate with his or her sponsor

Receiving Communion or Confirmation - as it happens

Group photographs are taken before or after the service as determined by the organisers

Family photographs are taken at the completion of the service or before the service if we have time

Please note: As an example of our efficiency with photography, St Peters had 73 candidates and four class groups - we took one hour to photograph all the individuals and 25 minutes to photograph the four class groups. On a smaller scale - Christ Our Holy Redeemer had 21 candidates and it took 45 minutes to photograph the individuals including those who wanted family photos and we did the group shot at the conclusion of the service
